

OnTime with HallPass

THE ATTENDANCE SOLUTION THAT WORKS

OnTime with HallPass brings complete visibility to student attendance and campus movement. OnTime makes attendance tracking fast and effortless for staff, while empowering parents to verify and update attendance via text. HallPass monitors hallway activity, tracking registered students and alerting staff as needed — ensuring no student goes unnoticed.

OnTime with HallPass

- Simple, intuitive, and easy for staff to use from day one
- Eliminates the guesswork — know attendance was taken, every time
- Improves overall attendance rates and reduces tardies
- Empowers parents to verify and update attendance via text message
- Manage hallway traffic with ease
- Set restrictions on hallway access — keeping students in class and learning where they belong
- Know exactly who's in the hallway at any time — right from your mobile device
- A cost-effective solution built for schools of every size
- Give teachers back the instructional time that matters
- More time teaching, more time connecting — with every student
- Seamless integration with your Student Information System (SIS)

Customer Feedback

“I wasn't sure our front office staff would take to it — she's a bit old school. But after just a couple of weeks? She loves it. She's actually asked where this has been all these years. Now she and the administrator can focus on the students who really need attention.”

BE THE HERO IN YOUR SCHOOL

Attendance made effortless. OnTime with HallPass keeps things fast and simple for office staff and teachers, while parents stay in the loop — updating attendance instantly via text
